

ALEX Benefits Counselor

ALEX is a tool to help you select the right plans. The “benefits counselor” will ask a series of questions to help determine which plans may be the best fit for participants.

Use ALEX to:

- Estimate out-of-pocket costs, such as deductibles, co-payments or co-insurance
- Compare HealthFlex plans and which might cost the least overall
- Estimate health account contributions

To access ALEX, log into BenefitsAccess.org, select the Health tab and then choose Plan Details at the top of the page. From mid September through the end of annual election on November 18, you also can look for a banner in Benefits Access that will direct you to ALEX..
